

## **FAQ: 31040 HOW CAN I CHECK TO SEE THAT I HAVE LOGS FROM EVERY DAY IN THE CURRENT FILE?**

*The information in this article applies to:*  
Call Accounting Jr & Pro

### **DESCRIPTION**

The easiest way to see what logs are in the current file is to run a Day of Month Traffic Report. From the MAIN MENU select REPORTS, then select TRAFFIC REPORTS, then DAY OF MONTH TRAFFIC REPORT. This report will show how many call records have been captured for each day in the currently selected period. If a day is missing, you will be able to tell from this report.
