

## FAQ: 31045 HOW DO I DO AN IMMEDIATE POLL OF THE MEMORY BUFFER?

*The information in this article applies to:*

PS635, PS680, DL50, DL100, POLLCAT II, POLLCAT III

### ANSWER

You can do an immediate poll from the PROCOMM SCHEDULER PROGRAM.

1. Start the Scheduler if it is not already running by clicking on the PROCOMM SCHEDULER icon located in the Comm One Software Folder
2. On the bottom half of the scheduler dialog, select the site you want to Poll. These scheduled events will normally start with the text PW5....
3. Once you have selected an event (by clicking on it) on the bottom half of the Scheduler Screen, the TEST RUN icon at the center of the screen will become active.
4. Click on the TEST RUN icon to start the polling immediately, to download the Memory Buffer.
